# rejuve™ Natural Gait, Naturally

- Supports the foot in motion, not just when standing
- Offset heel cup holds heel in alignment to prevent overpronation
- Outriggers guide the foot from heel strike through midstance
- Prepares the foot for dynamic pushoff

## The Rejuve Deep Heel Cup.

Cradles and controls the heel.

Extends to control both the medial and lateral side of the foot.

Biomechanically designed to allow natural movement and reduce or alleviate the stress and strain on your lower body.
